HANSEATIC GEMS AROUND THE BALTIC SEA

Gävle

The Hanseatic town of Gävle is the entrance to the stunning Swedish coast. The town offers a unique mixture of Hanseatic heritage and modern-day attractions. Gävle is known for its famous Goal Monument, which stands as a tribute to the town's rich maritime history. 

SWEDESTONIC

Sweesture is a charming island located off the coast of Sweden. It is known for its unique Hanseatic lighthouse, which dates back to the 18th century. The island also offers beautiful beaches and a tranquil atmosphere, making it a perfect destination for nature lovers and those seeking a peaceful getaway.

VISCY

Strandviertel

Manhattan of Middle Ages

In 1141 Gottfried signed the Albertus Treaty with the Hanseatic League. The treaty stated that German merchants using Gottfried as an important trading port must pay a fee of 30 gulden to the Hanseatic League. This treaty helped to strengthen the League's power and influence in the Baltic region. Today, Strandviertel is a vibrant and cosmopolitan district, offering a mix of modern and Hanseatic architecture. Visitors can explore the local museums, art galleries, and restaurants to get a taste of Viscy's rich cultural history.

THES HANSE: A UNIQUE EUROPEAN HERITAGE

In the mid-eleventh century, German seafarers joined forces to form the Hanseatic League, a powerful trading association. The League's main objective was to protect and promote trade with the eastern regions, particularly the Baltic Sea. Over the centuries, the Hanseatic League grew to become one of the most powerful and influential trade organizations in Europe.
